

# Let Me Let You Go

Aaron Carter

Oh, yeah  
Baby girl, walk around like it's made of gold, yeah  
It's all mine  
Oh, yeah  
I could take off the handcuffs just to crawl back  
I can come right back

You turnin' the tables  
When you dance on the table  
Trying to talk and you say you're not able, girl  
But I am not angry, girl  
I know that this is your world  
Me, I just live in it, access is limited  
But I need to go home

Let me let you go  
Let me let you go  
Let me let you go  
Let me let you, let-let-let-let me let you go

Let me, let me let you go  
Let me let you, let-let-let-let me let you go

But quickly  
I know you have something that you could give me  
(If it's for me)  
And you know, I lose control  
So let's move slow  
(Move slow)

You turnin' the tables  
When you dance on the table  
Trying to talk and you say you're not able, girl

But I am not angry, girl  
I know that this is your world  
Me, I just live in it, access is limited  
But I need to go home

Let you, let me let you go  
Let me  
(I need to go home)  
Let me let you  
Let me let you

Let me let you go  
Let me let you go  
Let me let you go  
Let me let you, let-let-let-let me let you go

Let me let you, let me let you, let you go  
Let me let you, let-let-let-let me let you  
Let me let you go, let me let you go  
Let me let you, let me let you, let you go  
Let me let you go, let me let you go  
Let me let you, let-let-let-let me let you

Let me let you go  
Let me let you go  
Let me let you go  
Let me let you, let-let-let-let me let you go

Let me let you go  
Let me let you go  
Let me let you go  
Let me let you, let-let-let-let me let you go
