

Let Me Let You

Aaron Carter

Oh, yeah
Baby girl, walk around like it's made of gold, yeah
It's all mine
Oh, yeah
I could take off the handcuffs just to crawl back
I can come right back

You turnin' the tables
When you dance on the table
Trying to talk and you say you're not able, girl
But I am not angry, girl
I know that this is your world
Me? I just live in it, access is limited
But I need to go home

Let me let you go
Let me let you go
Let me let you go
Let me let you-

Let me let you go

Quickly
I know you have something that you could give me
And you know
I lose control so let's move slow

You turnin' the tables
When you dance on the table
Trying to talk and you say you're not able, girl
But I am not angry, girl
I know that this is your world
Me? I just live in it, access is limited
But I need to go home

Let me
Let me
I need to go home
Let me

Let me let you go
Let me let you go
Let me let you go
Let me let you-

Let me let you go

Go!

Let me let you go
Let me let you go
Let me let you go
Let me let you-

Let me let you go
Let me let you go
Let me let you go

Let me let you-
Go, go, go, go
