

Off My Back

Aaron Carter

I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back
Gotta get it off my back
Gotta get it off my back
Tryin' to get it off my back
I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back (off my back)
Gotta get it off my back (gotta get it off)
Gotta get it off my back (gotta get it off)
Tryin' to get it off my back
Aye

I'm tryin' to keep me smile
But they been keeping me down
Need You to light up my soul
I'm tryin' to put up a sound
I cannot fight with the flesh
Take over keeping me blessed
I know it's part of the test
They tryin' to take out my fresh
If he can't get me he'll get my family
Get away from my family
God protect my family
I'm tryin' to keep my sanity
God handle my light work
While I'm out here doing light work
Giving yo all well that might work
Ain't no dirt even on my shirt

They tryin' to kill my vibe
Tryin' to take my life
I cannot diguise
Feel like suicide
Yeah but I'm God's child
So I'm like, I, I, I, I, I

I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back
Gotta get it off my back
Gotta get it off my back
Tryin' to get it off my back
I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back (yeah)
Gotta get it off my back (gotta get it off)
Gotta get it off my back (gotta get it off)

Tryin' to get it off my back

Man I'm just feeling a mess
My sister friends with my ex
She just been hitting my phone
I gotta let that thing go
My family falling apart
It's eating up at my heart
I don't know where this gon' go
But you been there from the start
I can't lie
I be bout to cry
But I'm not that guy
I suck that up
Cause you know what's up
But I can't overlook
It's in my face
Boy I gotta have that faith
When it don't go my way
Ain't much to say
You make no mistakes
Gotta trust You through this pain

Yeah, yeah
They tryin' to kill my vibe
Tryin' to take my life
I cannot disguise
Feel like suicide
But I'm God's child
Feel like, I, I, I

I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back
Gotta get it off my back
Gotta get it off my back
Tryin' to get it off my back
I'm tryin' to feel A Ok
Come and take my pain away
Come and get this weight up off my shoulders
Watch me levitate aye aye
Off my back (off my back)
Gotta get it off my back (gotta get it off)
Gotta get it off my back (gotta get it off)
Tryin' to get it off my back, aye
