

# Ooh Wee

Aaron Carter

Every time the beat drop  
Shorty make my heart stop  
Baby, make that body rock

We got all night  
Let's get it right  
So we could say, we did that  
I did that yeah, let's do some things  
When we look back we'll laugh at

Knew it was you, by the way you looked under the light  
(Whoh whoh, wooh wooh)  
So baby hold on to me now  
Take a chance, come along for the ride  
(Whoh whoh)  
You took me by surprise cause

Every time the beat drop  
Shorty make my heart stop  
Baby, make that body rock

Get it on the floor  
We can have a ball  
You can get it all from me  
I don't even care  
Something in the air  
Girl you make it hard to breathe  
Girl you got (Ooh)  
Got that (Wee)  
Ain't nobody like you babe  
Girl you got that (Ooh)  
Got that (Wee)  
Girl you make me wanna say  
Ooh wee, ooh wee  
Ooh wee, ooh wee

The way you walk  
You stop the clock  
It ain't your fault  
That you're so hot  
You're so hot, yeah  
You're so hot  
It ain't your fault  
You're so hot

Knew it was you, by the way you looked under the stars  
(Whoh whoh, wooh wooh)  
And you set my whole world on fire  
You don't need a lighter to spark  
(Whoh whoh)  
You caught me by surprise cause

Every time the beat drop  
Shorty make my heart stop  
Baby, make that body rock

Get it on the floor

We can have a ball  
You can get it all from me  
I don't even care  
Something in the air  
Girl you make it hard to breathe  
Girl you got (Ooh)  
Got that (Wee)  
Ain't nobody like you babe  
Girl you got that (Ooh)  
Got that (Wee)  
Girl you make me wanna say  
Ooh wee, ooh wee  
Ooh wee, ooh wee

Live in a party and get chased by the police

Now now, officer, arrest her  
She done stole my heart and that shit hurts  
She perfect, she worth it, I wanna see below that surface

Every time the beat drop  
Shorty make my heart stop

Now get it on the floor!
