

Scars

Aaron Carter

I don't wanna say good night
So tell me if you bout that life
I don't wanna get close
Know that I've been hurt, yeah we both got scars
So tell me what is what, yeah yeah

Look into my eyes
Tell me what you like, we can take a ride
I'll be outside, I'll take you where you like
Tell me what you like
You like you'll like it
You like you'll like it
You like you'll like it
Yeah, ay baby

Been thinkin' bout the things you said
But I can't get them out my head
No no, no

I don't wanna get close
Know that I've been hurt, yeah we both got scars
So tell me what is what, yeah yeah

Look into my eyes
Tell me what you like, we can take a ride
I'll be outside, I'll take you where you like
Tell me what you like
Come ride, with me baby
Come ride, with me baby
Come ride, with me baby
Come ride, with me baby
Come ride, with me baby
