

# Allegiance

Aaron Cole

Mm

I swear they never believed us, but it's full courts, four seasons, uh  
I just came back like I'm Jesus, uh, this is a pledge of allegiance, uh  
Had to see it to receive it, uh, lifestyle gettin' speechless  
Even if we got agreements, still be pledgin' allegiance, uh  
Still be pledgin' allegiance

Hand on my heart like I got trouble breathin'  
Hand on the bread on my plate, I'm a deacon  
Run with the force, you can see in the creases  
Mama just taught me "Rap on BT"  
The show we was watchin', we off BBT  
Had to get house, so I dodge the degrees, uh  
Walk a mile in my jeans, just not what it seems  
Home in some boarded, I sing on the corner  
When I was a junior, that made me a band  
Not postin' B where I'm at, but I'm right where I'm supposed to be  
Yeah, this all part of the plan  
Relations divided by dollars  
We got our strengths 'cause we keepin' it solid, uh  
It's not by our threats, I know that I'm him  
Our chair behavin' me, know I'm a chip, yeah

I swear they never believed us, but it's full courts, four seasons, uh  
I just came back like I'm Jesus, uh, this is a pledge of allegiance, uh  
Had to see it to receive it, uh, lifestyle gettin' speechless  
Even if we got agreements, yeah, still be pledgin' allegiance  
Here we go

One nation under God, that's on gang (That's on gang)  
I know He gon' provide with' a nine  
Preach on a big mic, I'm not tired  
Catchin' a big fish, better ride (Big)  
Came out the water, huh, I'm alive (I'm alive)  
Kickin' that Maya 'Lou, still I ride  
Straight out the corner, X minimized  
Oh, and the counterfeits for the guys  
Straight out the way, I do not want a family (Nah)  
Call up my children collect on the cellie (Ooh)  
Came from the kitchen, no food on my belly  
We had no AC, I turn up some Nelly  
I get a shot, I'ma shoot with no hesi' (Shoot it)  
I know they bankin' on me like I'm Desi (I know they bank)  
Lift up the city and prayers too heavy (Lift up the city)  
Took off the T, put the cross on the Chevy  
I used to drip and be broke like a levy  
Now I fight demons like I am eleven (Eleven)  
You see no strangers when you get to heaven  
Jesus come back, it's a wrap like a studio session (Over)  
When you gon' learn your lesson? (When?)  
When you gon' see confessions? (When?)  
Why you don't count your blessings? (Why?)  
Crazy, man

I swear they never believed us, but it's full courts, four seasons, uh  
I just came back like I'm Jesus, uh, this is a pledge of allegiance, uh

Had to see it to receive it, uh, lifestyle gettin' speechless  
Even if we got agreements, still be pledgin' allegiance, uh  
Still be pledgin' a-

Had to go nuts, I rap on a feature  
Say they ain't know, so you know I'ma brief 'em (Yeah)  
Know I'ma say what I see like Ezekiel  
I'm still the future, the prophet of Hebrew (Exactly)  
It's a hit, run that back like a sequel  
I'm in the trench talkin' rap with the people (Yeah)  
Thought I would fret, call my name like The Beatles  
We the top seven how I'm finna reach you (Hello?)  
I'm a vessel, she like me, I'm special  
I told her we both finna work on our patience  
I needed time to get back to the basics  
Put on off-white BBDs and our Asics  
I'm gettin' dressed with more cheese than a Caesar  
Up twenty bands, I put five into savings  
I'm slingin' rock, get him dropped like I'm David (Ow)  
I cut the paper with scissors to bait him  
Yeah, this stylist, never debate it  
It's more to fishin' to say you got stripes  
It's more attention in lyin' 'bout your phases (Right)  
You get a kick out of readin' the hype  
I made a hit out of tryin' to persuade 'em  
It was safe when I covered my bases  
Not from Atlanta, but I'm still the bravest

I swear they never believed us, but it's full courts, four seasons, uh  
I just came back like I'm Jesus, uh, this is a pledge of allegiance, uh  
Had to see it to receive it, uh, lifestyle gettin' speechless  
Even if we got agreements, still be pledgin' allegiance, uh  
Still be pledgin' a-
