

Can't Relate

Aaron Cole

All I'm seeing now is Kim Ks
With no brains
Dudes posing with they fades
With fake gains
You think you on the front page
But no you ain't
You can catch me switching lanes
I'm Jackie Chan
I got the weapons tucked
Like it's rush hour
No weapon formed against me
I got that clutch power
I guess you really bout that fake
I guess that's really what you praise
I'm a innovator
Success is my layup
Why they hatin on me?
Cause I'm raps Chris Laettner
You gon' be a vapor
You just want to cake up
Maybe that's why you ain't got your cake up
But I'm praising the father
I got hakuna matata
Homie You can back away cause I want none of your problems
You can just watch me prosper
While you popping your collar
The way you moving is amusing man
I really can't relate

Everywhere I look they want the fame now
Nobody wanna talk about their faith now
But I can't relate no
I can't relate no
It's insane wow
Doing anything to get paid now
But I can't relate no
I can't relate no
I can't relate no
I can't relate no

I'm noticing how all these rappers move now
Send me to the line man they two foul
Always switching sides, better chose now
Or fight me like a man, like I'm Jun Tao
You too busy tryna chase some clout
Tryna make sure my day ones can make it out
See you do it for the likes on your IG
I'm tryna keep em alive like an IV
I studied ya moves
To prepare me for the snakes
I be wiggin' with the bars
I'm Tyler Perry with the play
You too scary, talking down
Tryna get me buried with the hate
Stevie J dog I'm married to the Faith
Man these rappers stay frontin'
Actin like they bout that action when they fake stuntin'

When it comes to God they don't say nothin'
And I cannot relate like a play cousin, Outsiders

Everywhere I look they want the fame now
Nobody wanna talk about their faith now
But I can't relate no
I can't relate no
It's insane wow
Doing anything to get paid now
But I can't relate no
I can't relate no

All these people posturing for pictures
I don't like that
Taking all the credit for your verses
Y'all ain't write that
50k, but when you post a picture
No one likes that
I need y'all to quiet down
Give real MC's the mic back
If I do not like you
I ain't gon call you "bro" dog
I been up for three whole days
No I can never dose off
Do this with no effort
I don't see the need to show off
But if you push my buttons one more time
Then I'ma go off
I just mind my business, yeah
I stay out the drama because
I ain't got no business there
I been bout the commas cuz the
Family gotta get it, yeah
19 with a business, yeah
I'm just moving different, yeah
I'm just moving different, yeah
I cannot relate to you if you
With all that faking dude
Independent made major moves
Had a little, I'm making due, you feel me
And anything I lost I'ma make it back
And if you moving fraudulent, no I cannot relate to that, ya dig

Everywhere I look they want the fame now
Nobody wanna talk about their faith now
But I can't relate no
I can't relate no
It's insane wow
Doing anything to get paid now
But I can't relate no
I can't relate no
I can't relate no
I can't relate no
