Can't Tell Me Nuthin

Aaron Cole

I stepped over my fear and I'm shooting the ball now I'm scoring
Took a dollar and a dream and I got up and I went for it, oh no
Had God and my fam and I told them boys that it's dub time, dub time
Going straight to the top but don't like me get vain like a blood line
Let whoever think whatever we just keep getting better
It's funny people talking they ain't doing no better
They always put you down till you up and you eating
But Christ friends played him so I guessing we even
Enemies got a lot of enemies
And lowkey got a lot of frenemies
Bet em, dog [?] is God let me find out the lord my Shepard

Can't tell me nuthin
He got my back boy what you talking bout
Can't tell me nuthin
Got my back boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin

George to the bush no ram
Double MJ no jam
Me and my pals in the winning circle no chetta rounds
So David tell Jesus I'm a bout to go Bethleham
All this playa hating gettin irritating
These so called hot rappers getting fridgearated
I'm like Curry from the 3 they can't penetrate it
When I gas these Barz I'm a ventilate it
I almost gave up and put the mic down
It was like every single day I had the lights out
Some tried to turn it back on not stable
I was like it's better being black like Rachel
Oh boi, boi they done did it
I told them boys I'm a win it
You looking for shortcut through them waves
But that's when God put a part in it, oh lord

Can't tell me nuthin
He got my back boy what you talking bout
Can't tell me nuthin
Got my back boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin

You can't tell me nuthin
You can't tell me nuthin
You know I know
He got this under control
You can't tell me nuthin
You can't tell me nuthin
You know I know
You know I know

Can't tell me nuthin
He got my back boy what you talking bout
Can't tell me nuthin
Got my back boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin
I never doubt boy what you talking bout
Can't tell me nuthin

Can't tell me nuthin
He got my back boy what you talking bout
Can't tell me nuthin
Got my back boy what you talking bout
