

METRO

Aaron Cole

They say AC come outside fr you always working
But my raps is like the Bible got too many verses
Yeah I gave my life to God let go of all my burdens
Coulda been a dark child but I went Rodney Jerkins
If its records, plaques or number ones I got it we been cleaning up
I just did a hundred laps please tell me who been keeping up
I'm Cole I ain't a Winans but it's me you gotta CeCe
And the weapons not gon reach me they forming but they Bebes
Lord forgive 'em
They don't the know this road get narrow
I talked to God He said up like falsettos
I saw the vision had to get it couldn't let go
Reap what you sow, so I been working like the metro (Uh huh)

Like the metro (Uh huh)
Like the metro (Uh)
Reap what I sow, my Faith been working like the metro (Uh huh)
Like the metro (Uh huh)
Like the metro (Uh)
And where we going only up like falsettos (Yeah)

Could a been a darkchild but went and found my purpose
Ion gotta start a church my verse hit like a sermon
Mm, yeah
And this that Sunday service
Stay in your lane before you crash doing all that merging
And I'm balling like the hornets
He doubled up my portion
And I'm known around the orbit
Doing dates like I'm courtin'
In His will no fortune
Being God's child rewarding
If I fall just know I come back like the chorus and it's

Lord forgive 'em
They don't the know this road get narrow
I talked to God He said up like falsettos
I saw the vision had to get it couldn't let go
Reap what you sow, so I been working like the metro (Yeah)

They say Ty man come outside but I'm on God's side (Yeah)
I was sitting in the bleachers now I'm in the starting five (Five)
MVP season I'm reaching for the star line
Zero dark 30 mode I'm operating on God's Time (Uh huh)
God speed racing history in the making legend in the mirror
God signed me I'm destined for greatness
I'm back in town it's the underground sensation
It's a new age my conscience awakened (Yeah)
And all I could say was amen
I open my eyes and rise to the occasion
I humble myself the ground I'm standing on is sacred
I, I'm shining down with a revelation

Lord forgive 'em
They don't the know this road get narrow (It get narrow)
I talked to God He said up like falsettos (Uh huh)
I saw the vision had to get it couldn't let go (Yeah, yeah)
