

# MIRACLE

Aaron Cole

This is a miracle  
Aha, aha (Aha)  
This is a miracle  
Aha, aha  
Made it through (Made it through)  
All the tears (All the tears)  
All the pain (All the pain)  
Through the years (Through the years)  
This is a miracle  
Aha, aha

I'm trying not to lose my mind  
Eyes in the rear view all the time  
See police feel my life on the line  
Instincts make me wanna just run  
I'm just tryna make it home to the moms  
Tryna praise God wit the rhymes  
I ran a light ain't no need for a gun  
One bad move and I'm done  
Shawty keep calling me  
Yeah she adoring me  
I don't wanna fall and yea you a doll  
Please do not talk to me, yeah  
I think about everything I did in life  
How he got left and I ain't even right  
A lot of things hard but he saved my life  
And I'm still right here I'ma praise on sight  
Praise on sight, yeah

You know what I'm sayin' like  
I really came from the mud, like from the dirt like  
They don't feel me  
I be looking back like

This is a miracle  
Aha, aha (Aha)  
This is a miracle  
Aha, aha  
Yeah, yeah  
Made it through (Made it through)  
All the tears (All the tears)  
All the pain (All the pain)  
Through the years (Through the years)  
This is a miracle  
Aye, aha, aha

I keep telling God that I gotta get outta this living  
Took everything in me to stop  
So much aggression I kept in bottle  
I had to get active just for it to pop  
Everything I invested fit perfect like Tetris  
We stack any better we buying the block  
We was VA I'm talking forreal, forreal  
I seen Pharrell forreal  
Thinking back I'm still stuck in the mind state  
I coulda been boosting the crime rate  
My mama kept praying broad day

Why would I care what y'all say  
They say it's a miracle  
These blessings keep coming hysterically  
I praise through the storm know he hearing me  
Know he hearing me

Miracles keep happening  
I know these blessing, they be heaven sent  
God making me a better man  
I ain't settlin', oh  
Miracles keep happening  
They keep on  
I know these blessing, they be heaven sent  
God making me a better man  
I ain't settlin', no, no

This is a miracle  
Aha, aha (Aha)  
This is a miracle  
Aha, aha  
Made it through (Made it through)  
All the tears (All the tears)  
All the pain (All the pain)  
Through the years (Through the years)  
This is a miracle  
Aye, aha, aha
