

# Parachute

Aaron Cole

I came from the trench  
I been on the bench  
Now I just stepped up  
Now I'm the captain  
I been on my grind  
I'm just now living my prime  
I told my class I'm gonna shine  
Now I'm like Draymond I'm just getting fined  
Yeah I do this for my mammy  
I'm Michael ain't no more Randy  
Better pay atten like I'm Manning  
Now I'm going for my grammy

They gon think I won a grammy  
Know I do it for the family  
I go bar for bar for bar for bar for bar  
And I ain't talkin bout a Xanny  
'This Is Us' and you the Manny  
Dissin' us you need a plan B  
Taking off and I ain't landing  
Indie Tribe you hear the stampede

I'm knocking down all the stampedes  
I'm not a 1 hit wonder  
I beat and make the boys wonder  
Daily bread like it's wonder  
Go go  
On the low low  
Got God wit me I ain't Solo  
You demons so so watch me go pro

Go pro, hit record  
My soul, float tho  
Don't go in the morgue  
I go mojo-jojo, with the boys  
Michael with the court  
Michael with the sword  
Kylo with the force

I'm like David, I just dance until my clothes off  
Look for wifey, I ain't messing with my old broad  
They be asking what I do when things just go wrong  
I just tell em that I gotta get my faith up  
(I'm way too high)  
Parachute uh, parachute ayy  
Parachute ayy, parachute yeah  
(I'm way too high)  
Parachute ayy, parachute sheesh  
Parachute yeah, uh parachute

I'm like David, I just dance until my clothes off  
I got wifey, I ain't messing with my old broad  
They be asking what I do when things go wrong  
I just tell em that I gotta get my faith up  
Parachute it carry me home  
Oh no, this ain't Kansas Toto  
Ocho Cinco, in the endzone

Tell the truth my only MO

Facts my only MO

Level up like oh no

This ain't even my hardest song this is just a promo

Ayy yeah yelling 777

Been complete and I ain't resting

They think I just want the bag

Got me feeling like I'm reverend

Preach young boy preach

100 shows all free

Now it's my time to eat

Take meals like Meek ayy

Ayy, Inherit the earth I'm meek

You don't rep God take a seat

I don't even know why I mess wit you

You probably still subtweet

I'm like David, I just dance until my clothes off

I got wifey, I ain't messing with my old broad

They be asking what I do when things just go wrong

I just tell em I gotta get my faith up

(I'm way too high)

Parachute uh, parachute ayy

Parachute ayy, parachute yeah

(I'm way too high)

Parachute ayy, parachute sheesh

Parachute yeah, parachute uh

I'm like David, I just dance until my clothes off

I got wifey, I ain't messing with my old broad

They be asking what I do when things just go wrong

I just tell em I gotta get my faith up

I'm way too high

Parachute uh, parachute ayy

Parachute ayy, parachute yeah

I'm way too high
