

Like somethin' about the name Jesus, yeah
Somethin' about the name Jesus, uh, uh, yeah-yeah
Somethin' about the name Jesus, oh yeah
Somethin' about the name, somethin' about the name

Aye, you know, it's sweet, only thing that keep me goin' through the week
When bills due, paycheck kinda weak
Yeah, and I don't know what I'ma eat, uh
Screaming out, "God please" with my hands up
My homie mom still dealing wit' the cancer, been prayin' for eight years and
still ain't got an answer
Yeah, but I know He got it handled
'Cause late in the midnight hour
Know You gon' turn it around, aye
Your name, it come with power
They hate, I shout it louder
When I barely pray, I know I need to pray more
Be gettin' too busy, I need to lay low
They hatin' me for blessings I ain't even pray for
You never switched up, and I'm grateful (Uh)

I know that You hear what I'm sayin', aye
No one like You, yeah, You my oasis, yeah
And I just sit back in amazement
Thank God that we made it

I'm like, like somethin' about the name Jesus
Somebody tell the doctor
Somethin' about the name Jesus
Somebody tell your finances
Somethin' about the name Jesus
Somebody tell your family
Somethin' about the name
They know somethin' about that name
Somethin' about the name
Yeah

Yeah, just somethin' 'bout the name
Yeah
Aye
It is the sweetest, yessir

Aye, trouble don't last always
Look, I'ma give You praise, Your mercy follow me all of my days
Always gon' love me despite my ways
And I know that, that I'm blessed
And I'm highly favored, why would I worry?
Ain't no need, ain't no saint, but I'm still holy

Look, You showin' me
Ain't no weapon holding me
24/8 like Kobe
Come and let's talk like Jodeci, it's poetry, aye

Look, I know a lot don't make it
But I thank God that I did
Count it all joy, we on 10

When I'm down, I know my angel's gon' send for me

I know that You hear what I'm sayin', aye
No one like You, yeah, You're my oasis, yeah
And I just sit back in amazement
Thank God that we made it

Like somethin' about the name Jesus
Through the storm, y'all
Somethin' about the name Jesus
Haha, through the pain
Yeah-yeah, somethin' about the name Jesus
Father
Somethin' about the name, somethin' about the name
Call on that name, woo!

Yeah
Yeah
Just somethin' 'bout the name
It is the sweetest
