

Time Square

Aaron Cole

I been patient, patiently contemplating
How I'm bout to maneuver my way up out of the basement
I feel like Biggie Smalls I just wrote "Juicy" and signed to Bad Boy
Got my fam wit me don't rock with you like uses an Android
The state of mind I'm in put quitting to abolishment
The parliament is on my side he the ruler of all of men
Went from grilled cheese to the real cheese
Uber rides just to feel keys
TRL not my ceiling
I'm on another wave boy you feel me
Let's go

Time Square
Time Square
Tonight just feel like time Square
Time Square
Time Square
Tonight just feel like Time Square
Made it this far
Ima make it farther
Feel like I could do anything with my Father
Time Square
Time Square
Tonight just feel like Time Square

Reminiscing rapping in grandma kitchen
Hearing momma in the living room boy hush and wash the dishes
Tryna glisten uh
When all we had was heart
Now look Pops we on the charts
Been around the world and been back again
I write Florida Lines got a magic pen
I run the red steps so I'm Adequate
God gave me this I can't Adam it
Went from grilled cheese to the real cheese
Uber rides just to feel keys
TRL not my ceiling
I'm on another wave boy you feel me

Time Square
Time Square
Tonight just feel like time Square
Time Square
Time Square
Tonight just feel like time Square
Made it this far
Ima make it farther
Feel like I could do anything with my father
Time Square
Time Square
Tonight just feel like time Square

I live that city life
I feel like tonight I'm gon rise
God brought me through the worse of the worse
So I know I'm gon make it out this dirt

Time Square
Time Square
Tonight just feel like time Square
Time Square
Time Square
Tonight just feel like time Square
Made it this far
Ima make it farther
Feel like I could do anything with my father
Time Square
Time Square
Tonight just feel like time Square
