

# Why

Aaron Cole

It's like I just touch down in London I'm gone  
Feel like I'm on a wave I never been on  
Skipping plans with my woadies  
Girl you my number one roadie  
We can take this thing slowly  
Or we Kobe drop 40  
Ain't no other girl you ain't gotta get sick  
I'm Stevie Wonder when it comes to all of this chick  
You my ride or die we ain't never called it quits  
We just worked it out that's how I know you different  
I'm getting goosebumps when you rapping my flows  
You gon' mess around make me make yo last name Cole  
You got the full package baby girl you a pro  
But I ain't gotta tell you girl you already know

When I saw you girl I was like say no more  
Everything about you, yeah, I adore  
Got my love on lock it's all yours  
Yea, you that thing thing I been praying for  
Different from these other ones that's fasho  
Got me going crazy for you

Like why why why  
Tell me why you like that  
You just got it like that  
Why why why  
Why you like that  
You just got it like that  
Like why why why  
Why why why why  
Why why why why  
Why why why  
Yeah-yeah, yeah...

I swear I can talk to you for hrs girl  
Ace of spade tatted on you most valuable  
Can't find another you even around the world  
God blessed the kid when I found you, yeah  
Yea you worth more than rubies  
I still love you when you moody  
You know I love when you goofy  
I love it how you raw like some sushi  
We rocking, we rolling every thing is golden  
You special you chosen I buy you them roses  
Let's do this thing right that's what I wanna do daily  
Seek God first let's live good till we 80  
Ya blonde highlights got ya boy going crazy  
And I just sit back like dang you my lady

When I saw you girl I was like say no more  
Everything about you, yeah, I adore  
Got my love on lock it's all yours  
Yea, you that thing thing I been praying for  
Different from these other ones that's fasho  
Got me going crazy for you

Like why why why

Tell me why you like that  
You just got it like that  
Why why why  
Why you like that  
You just got it like that  
Like why why why  
Why why why why  
Why why why why  
Why why why  
Yeah-yeah, yeah...
