

Drownin

Aaron Doh

I need savin', I need savin'
I'm just drownin' I need light, I need light

Somebody save me
Just drownin' in life and I can't swim
Somebody save me
Started a fight and you said I can't win
Somebody save me
I need someone to pull me out
Somebody save me
I need some help or I might drown

Someone please just listen to me
Yeah I'm almost done
I'm just screamin' under water
Can't you see I'm almost gone
Holes all in my boat
Yeah this stormy ride was not all fun
Walls are cavin' in
Don't know if ill make it out

Somebody save me
Drownin' in life and I can't swim
Somebody save me
We started a fight you said I can't win
Somebody save me
I need someone to pull me out
Somebody save me
I need some help or I might drown

Lost in the desert no water around
But I cannot breath
Stuck in a sweater I'm out here now suffocating
Don't need no water
I just need a second to catch my breath
If I don't move faster than I just think I might end up dead

Somebody save me
Just drownin' in life and I can't swim
Somebody save me
They started fights and I can't win
Somebody save me
I need someone to pull me out
Somebody save me
I need some help or I might drown

Great stuff on the bottom what a test
Reachin' down just to make me loose my breath
I don't know what I'm even tryna' get
But I know that I'm just runnin' outta time

Somebody save me
Just drownin' in life and I can't swim
Somebody save me
I started fights that I can't win
Somebody save me
I need someone to pull me out

Somebody save me
I need some help or I might drown

(I think I'm gonna drown)
(I think I'm gonna drown)
(I think I'm gonna drown)
