

You Alone Are God

Aaron Gillespie

With everything in our lungs
We sing out your praises
Lifting with our voices
You alone are God

We here, Your people
Reaching how we need you
We lift our hands in praise
You alone are God

When this life gets hard
We reach out to You

With all that we are
We're screaming out
You alone are God
You're hold of the world
The reason why
You alone are God
Yeah

With everything in our lungs
We sing out your praises
Lifting with our voices
You alone are God

We here, Your people
Reaching how we need you
We lift our hands in praise
You alone are God

When this life gets hard
We reach out to You

With all that we are
We're screaming out
You alone are God
You're hold of the world
The reason why
You alone are God

2x
With our lives
We live glory and honor
With our hearts
We surrender, we surrender

2x
With all that we are
We're screaming out
You alone are God
You're hold of the world
The reason why
You alone are God
