

# Serious

Aaron Goodvin

I can see your reservations  
Hesitations second guessin'  
Cause I'm sayin' what you hear all the time  
This ain't no weekend fling  
No one night thing  
No strings attached kinda thing  
I'm talkin' bout makin' you mine

You can wonder all you want to  
Aw but girl I got news for you

This is serious  
Ain't no doubt about it it's serious  
The way I feel about you  
Thinkin' we could be us  
In no time for a long time  
And girl I'm curious  
If you think I ain't the kind to get serious  
Aw well baby just look into my eyes  
Tell me that I'm tellin' a lie

Girl I'm serious  
If you felt the way that I feel inside  
You'd probably run  
You'd probably wanna hide  
It's that can't go wrong  
That somethin' strong  
That we got going on  
It's so damn good it can't be denied

It might scare ya just a little bit  
Aw but trust me it'll be worth the risk

This is serious  
Ain't no doubt about it it's serious  
The way I feel about you  
Thinkin' we could be us  
In no time for a long time  
And girl I'm curious  
If you think I ain't the kind to get serious  
Aw well baby just look into my eyes  
Tell me that I'm tellin' a lie

Oh yeah, babe, it's serious  
Ain't no doubt about it it's serious  
The way I feel about you  
Thinkin' we could be us  
In no time for a long time  
And girl I'm curious  
If you think I ain't the kind to get serious  
Aw well baby just look into my eyes  
Tell me that I'm tellin' a lie  
Just look into my eyes  
Tell me that I'm tellin' a lie
