

Curiosity

Aaron Hall

Ah ah ah
Like that

You spend so many nights in heat and out of control
Waiting impatiently to see what's under my clothes
I just wanna take time, to get right into the point
Now you got your chance girl to come & rock this funky joint

Don't wait too long
I'll be waitin' here
For you, baby, baby
Here's a gift to you from me
Just you wait & see, it's the curiosity

It's the curiosity
It's killin' you
It's killin' me
Make you wanna feel my body
(All night long, yeah!)

It's the curiosity
It's got you
It's got me
Make you wanna feel a part of me
(Got you and got me, baby!)

I had you guessin' from the time that we first met
That curiosity had always killed that cat
I know you're curious to see what I'm about
There is no doubt that I'm about to turn you out

Don't wait too long
I'll be waitin' here
For you, baby, baby
Here's a gift to you from me
Just you wait and see, it's the curiosity

It's the curiosity
It's killin' you
It's killin' me
Make you wanna feel my body
(Feel ever into me, baby!)

It's the curiosity
It's got you
It's got me
Make you wanna feel a part of me
(Feel a part of me, yeah!)

It's the curiosity
It's killin' you
It's killin' me
Make you wanna feel my body
(Give it to me!)

It's the curiosity
It's got you

It's got me
Make you wanna feel a part of me

Oh, break it down!

Oh, oh yeah

Like that!

Oh, yeah

Its the curiosity!

It's the curiosity
It's killin' you
It's killin' me
Make you wanna feel my body
(Feel ever into me, baby!)

It's the curiosity
It's got you
It's got me
Make you wanna feel a part of me
(Give it to me!)

Yeah! Like that

Oh, oh yeah!

Now don't stop! Mix it down!
Aaron Hall. We school em' all!
Like that

Its the curiosity!

1-9-9-5 (One-Nine-Nine-Five)

Oh, yeah

Its the curiosity!
