

Going Down

Aaron Hall

My body's trembling
Passion's got control on me
There's no way to deny it
My body's yearning completely
Girl can't you tell that I am proceeding is driving me crazy
Can you endure
The best of what you've been waiting for

I've got what you want
(I feel your desire for me, yeah)
You've got what I need
(I'm submissive to you
Take control of me)
It's now or never
(Prove yourself to me
I ain't goin nowhere)
Take your time with me (your time, your time)
So get ready or not

(Are you ready?)
Ready or not, here I come
(I'm going down) I'm going down on
The one that keeps me happy
I love you baby, yes I do
(Are your ready?)
Ready or not, here I come
I'm going down on
The one who do her thang for me
You the only one that I want to go down on baby

There's not much for us to talk about (Oh yeah yeah)
It's either yay or nay
That's all that matters now
Let's not waste this time
Just stop the moment or give me mine
Cause joy is all you bring
And going down on you ain't nothing but a thing

I've got what you want
(I feel your energy for me)
You've got what I need
(I'm submissive to you
Take control of me)
It's now or never
(Prove yourself to me
I ain't goin nowhere)
So take your time with me (your time, your time)
So get ready or not

(Are you ready?)
Ready or not, here I come
(I'm going down) I'm going down on
The one that keeps me happy (You be my baby till the day I die)
I love you baby, yes I do

(Are your ready?)
Ready or not, here I come (Here I come)

I'm going down on
The one who do her thang for me
(Baby babe, I love the way you call my name, when you come baby)

(Are you ready?)
Ready or not, here I come
(I'm going down) I'm going down on
The one that keeps me happy (I love you baby, yes I do)
(You keep me happy, oh)

(Are your ready?)
Ready or not, here I come
I'm going down on
The one who do her thang for me
You the only one that I want to go down on baby

(Are you ready?)
Ready or not, here I come
I'm going down on
The one that keeps me happy
(Are your ready?)
Ready or not, here I come
I'm going down on
The one who do her thang for me
