

# I Lost It All

Aaron Lewis

If I die I'll go to Heaven  
Because I spent my time in Hell  
Never claimed to know the answers  
But I've faked it pretty well

And I've walked straight through the valley  
Full of shadows and of death  
Never claimed to know the answers  
And I've learned a lot of lessons  
But it hasn't killed me yet  
But they haven't killed me yet

I lost it all, I tried to make it through my pain  
I lost it all, and it'll never be the same  
And right now the only thing that's left, is sadness and the shame  
I lost it all, and it'll never be the same

Now somewhere in my darkness  
Now I've heard so many stories  
There shined a little light  
Full of sadness and regret  
A chance for me to be forgiven  
And I've learned a lot of answers  
But I couldn't get it right  
To the things I didn't get

I lost it all, I tried to make it through my pain  
I lost it all, and it'll never be the same  
And right now the only thing that's left, is sadness and the shame  
I lost it all, and it'll never be the same

I lost it all

So if I die I'll go the Heaven  
Because I spent my time in Hell  
Never claimed to know the answers  
But I've faked it pretty well

I lost it all, I tried to make it through my pain  
I lost it all, and it'll never be the same  
And right now the only thing that's left, is sadness and the shame  
I lost it all, and it'll never be the same

I lost it all  
I lost it all
