

## Life Behind Bars

Aaron Lewis

Spendin' my time livin' life behind bars  
Ain't doin' hard time, but the times get hard  
Didn't come wearin' cuffs in the back of some car  
No judge, no jury ever put me here

Got a story to tell ya  
A bunch of songs and there ain't nothin' 'bout no rock 'n' roll  
Sold my soul to the devil  
A pocketful of songs for a handful of gold, uh-huh  
That was the day that everything changed

Spendin' my time livin' life behind bars  
Ain't doin' hard time, but the times get hard  
Didn't come wearin' cuffs in the back of some car  
No judge, no jury ever put me here  
Still payin' this price for the life I chose  
Once you got a record, guess it's how it goes  
Still servin' my sentence with this old guitar  
Spendin' my time livin' life behind bars

Done a few nights locked up in county  
Did the time, paid the fine, then they let me go  
But this ain't that kind of party  
No jail, no bail, and hell, no parole

Spendin' my time livin' life behind bars  
Ain't doin' hard time, but the times get hard  
Didn't come wearin' cuffs in the back of some car  
No judge, no jury ever put me here  
Still payin' this price for the life I chose  
Once you got a record, guess it's how it goes  
Still servin' my sentence with this old guitar  
Spendin' my time livin' life behind bars
