

## State I'm In

Aaron Lewis

I lost my faith a long time ago  
Puttin' miles on this old road  
I lost my family and I lost my soul  
800 miles and one more show

Still workin' these fingers to the bone  
When the show is over I sit alone  
Where the angels and devils are my only friends  
I wake up in the morning and I do it again

I don't know what you've been told  
All the whiskey in the world won't save my soul  
I've done it all so where do I begin  
To fix all the messes in the state I'm in

It's hard  
Yeah it's hard

I feel like there's a better way  
To make it through another day  
So sad that life turned out like this  
'Cause I still taste you on my lips

Well I don't know what you've been told  
All the whiskey in the world won't save my soul  
I've done it all so where do I begin  
To fix all the messes in the state I'm in

It's hard  
Mmh it's hard  
Yeah it's hard  
Mmh it's hard
