

## Lovers On The Run

Aaron Lines

He said let's steal a car, get outta here  
I got money for gas and beer  
Let's point this car down a two-lane road  
Just follow where the headlights go  
She said I'm tired of this town anyway  
Days go by but things don't change  
If I stay here I know I'll die  
Without ever really being alive

Hey, there ain't nothing stronger  
Than lovers on the run  
Hey, you can't stop a bullet  
Once it leaves the gun  
Lovers on the run

She slept in the dashboard light  
He stayed awake and drove all night  
Ran his fingers through her hair  
On their way to everywhere

Morning came and she called home  
From an Idaho gas station phone  
She slammed the door sat down and cried  
Kissed him hard and just said drive

Hey, there ain't nothing stronger  
Than lovers on the run  
Hey, you can't stop a bullet  
Once it leaves the gun  
Lovers on the run

Love is a fast train, love is a slow rain  
You can't stop it, no you can't stop it.....

Hey, there ain't nothing stronger  
Than lovers on the run  
Hey, you can't stop a bullet  
Once it leaves the gun  
Lovers on the run
