

# Making Love in the Afternoon

Aaron Lines

Everybody bought our alibi  
So come on baby, we ain't got much time  
Another lunch time rendezvous  
Making love in the afternoon

Closed room across the kitchen floor  
We barely even made it in the door  
Just like we did on our honeymoon  
Making love in the afternoon

(Chorus)

Nobody's cheating but it still seems strange  
Doing nothings in the middle of the day  
Carry on like secret lovers do  
Making love in the afternoon

Ain't got nothing against the night  
Let me tell you the broad daylight  
Um, sure looks good on you  
Making love in the afternoon

(Chorus)

Nobody's cheating but it still seems strange  
Doing nothings in the middle of the day  
Carry on like secret lovers do  
Making love in the afternoon

Back at work twenty minutes late  
Boss just piled more on my plate  
It's hard to have a bad attitude  
Making love in the afternoon

Same time tomorrow if you're in the mood  
Making love in the afternoon
