

# Sunday Afternoon

Aaron Lines

You got a way of making me feel good  
No one else in this world ever could  
When I'm with you it's like I'm floating on a breeze  
There's really only one way to describe what you do to  
me

You're a lot like Sunday afternoon  
You ease my mind, you chase away my blues  
It's so easy, easy loving you  
You're a lot like Sunday afternoon

You're a game of catch, You're a walk in the park  
You're a cold beer with some good friends in the  
backyard  
You fall asleep on the couch watching TV  
When this world gets too much you're just what I need

You're a lot like Sunday afternoon  
You ease my mind, you chase away my blues  
It's so easy, easy loving you  
You're a lot like Sunday afternoon

Yeah  
Everything rolls off my shoulders  
Everything falls into place  
I'm a sinner whose prayers have been answered  
Any time I see your face

You're a lot like Sunday afternoon  
You ease my mind, you chase away my blues  
It's so easy, easy loving you  
You're a lot like Sunday afternoon  
It's so easy, easy loving you  
You're a lot like Sunday afternoon

Ooh Yeah, Oh  
You're a lot like Sunday afternoon
