Aaron May

I was hidin grams inna sock
I was punchin in onna clock
Knew I had to get it why not
Knew I had to get it why not

I was always aiming for the top
They ain't see now all they do is watch
I was really workin nonstop
I was really workin nonstop

Found my style you know they dig it now
Every girl I meet be with it now
I ain't even shoot my shot
Guess a nigga really got hot

They been checkin In every day
Trynna figure out da next play
Askin bout when ima next drop
When I do I pray it don't flop

Cause I be high as hell
Smokin on that weed I be flyin still
You know I'm gone be yo best clientele
Don't, know how they don't see
I'm just trynna chill
Said I'm just trynna chill
Cause I be high as hell
Smokin on that weed I be flyin still
You know I'm gone be yo best clientele
Don't, know how they don't see
I'm just trynna chill
Said I'm just trynna chill

Lately I been watching my back
Way more than when I used to trap
Finna go and cop a couple straps
In case a nigga don't know how to act

Paranoid I'm walkin with a stack
I'm a red dot onna map
If I die the killer gettin whacked
I pray it neva have to come to that

I been starvin I just want a meal
But that don't mean that Ima sign a deal
These niggas lose they freedom for a bill
But fuck the system that's just how I feel

Employ my bruddas that's how ima build
And show em they can do this shit forreal
I give em healing I ain't even healed
So light a spliff pray it don't get me killed

Cause I be high as hell
Smokin on that weed I be flyin still
You know I'm gone be yo best clientele
Don't, know how they don't see

I'm just trynna chill
Said I'm just trynna chill
Cause I be high as hell
Smokin on that weed I be flyin still
You know I'm gone be yo best clientele
Don't, know how they don't see
I'm just trynna chill
Said I'm just trynna chill
I ain't really trippin tho...
