

# Everything Major

Aaron May

Everything I do major  
Yeah, if I tell you anything it's money  
17 I had flipped me a 20  
Said what play I'ma take I'ma run it  
And I put it on everything I can't fumble  
Know I know how to step out, I don't stumble  
Bitch I know how to flex, I'm just humble  
And I came up, now what comes next  
Niggas they know I'm the one  
They probably just wait til I'm done to pay their respects  
I don't do issues or none get worked out clean  
I don't gotta rep no set  
Double my green like I won a bet  
Take care of the team we gone all get a check  
Got something out of none we ain't did none yet

Since a young nigga had to move like I'm grown  
Pockets empty ain't even have stones  
Take a lil longer when you on your own  
I remember them visits and calls on the phone  
Used to think I be trappin and stealin' or some  
But now I get paid off the song  
I need some more I'ma take up bank  
Break your bread how you feed your hood  
Step in dior this ain't what you think  
Bow her head now she look good  
Can't throw a scene bout a bitch you gon' lose  
She said I'm mean, I'm just drippin' in rhude  
Niggas a feed they lil boo and give her some blues, they momma  
house ain't got no food  
Fucked up  
You ain't part of the vision  
I can't even see you I lost all sight  
Say I lucked up  
I can't even believe in that shit  
When I put in this work all night  
Now I'm stuck up  
And I'm still on a mission  
If you ain't a member ain't tryna hear none  
Knowin we come from the slums  
Weight of the world on my shoulder this shit weigh a ton  
Still not done
