

## FEEL LIKE

Aaron May

Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like

Still blowin' out O'z  
Still sippin' out the liter  
But that ain't slowin' down the meter  
A lot of shit been gettin' old  
Might see a change in my demeanor  
It's gettin' dropped if I don't need it  
They say I should be on the road  
I made a promise that I won't forget  
But I still got habits I been copin' with  
And I still got damage I'm too broke to fix  
Stuck ways made it hard enough to open my ears

And these niggas talk so ideal  
They ain't sympathize the pain they had no idea  
They ain't in it for the same reason I came in  
I ain't in to get some fame but you know I did  
Things change in exchange you accept that  
Can't entertain I ain't stayin' for the best act  
I'm feelin' far from where I came can't forget that  
I'm inna coupe switchin' lanes tryinna get back home

Wish I could remember what it feel like  
'Cause nowadays every day ain't gotta feel right  
I know this haze got me dazed but I still light  
I know that she ain't good for me but I still might  
I know I shouldn't ride with it but it's still tight  
It's only me and GOD when it comes to real life  
I keep a lot inside I just wanna reel right

Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like  
Wish I could remember what it feel like
