

# More Than A Dream

Aaron May

This shit more than a dream  
Losin' sleep til I woke up countin' these blues they ain't even green  
Did it myself most niggas just want them some credit shit ain't what it seem  
Come down to her she can cry me a river it come down to bread I need another  
stream

I'm with the same niggas you see me with  
Ain't no gettin' in between  
I'm who could show you to build up a team  
Who flipped a twenty back at seventeen  
Way before I poured up ain't have none to lean on  
Purpleleest cup and this weed strong  
Still pray to God I don't lead em wrong  
Run this shit up I won't be here long

Can't do shit that ain't got motion in it  
Stand on yo ten I'm promoting business  
Why niggas got they emotions in this  
Go put in some work how I'm coping with it  
I don't know what they expect  
Watching 'em count me out, took a whole 'nother route, nigga I'm finna count  
up a check

Drank on the floor now I'm scorin'  
Foreigns on foreigns  
Mo than a 4 all I'm pourin'  
Got some to show for it I'm showin'  
Stop for them racks it ain't that I ain't goin'  
It ain't no reason to speak  
Can't even take em serious  
I went and did in a day what they did in a week  
Who really reachin'

Yea, uh this shit more than a dream it's life  
Came from none how it seem this nice  
Valuable pain come and read this price  
Yea, uh still got people that need me fightin'  
My young nigga been seein' them lights  
They ain't even much read em his rights

You wasn't there on them sleepless nights  
No room for error with me it's tight  
Better say what you mean and vice  
I don't let no one leave me twice  
Hope you don't think I need you beside me  
I got better luck rollin' these dice  
My own blood ain't believe I was rising  
Guess they never had seen these heights

This shit more than a dream  
This shit more than a dream  
This shit more than a dream  
This shit more than a dream
