

# No Recognition

Aaron May

Big percentage, might not recognize me through the smoke and the tinted windows  
I'm still in business  
So every time niggas get to sayin' I changed I don't get offended  
They wasn't even wit me, when I was gettin' mail from a cell kn  
owin' sentences couldn't change a sentence  
I aged with visits  
When I ain't write back put dem lines into rap got famous wit it  
now they payin' attention

Grew up inna struggle I ain't really know much except I ain't w  
anna end up in the same conditions  
All my niggas diamonds and most did time on them chains you cou  
ld say that I hang with pendants  
And I don't wanna network niggas workin' for a bluecheck on the  
net tryna claim official  
Between me and you it's a major difference  
I wasn't ever in this for no recognition

I'm just makin' up for a lifetime of losses  
Heart wanted help but my soul wanted vengeance  
I just wanna turn the whole roster to bosses, whatever it cost  
us, you know Ima spend it  
This for all them nights I was turnin' and tossin' for anybody  
Crossed me I hate em like Chris  
I'ma let em watch me but no they can't sit  
Only got stand up guys in attendance

Stand in the fire when I'm in it  
I done hurt many of they pride and feelings  
I'll let the whole world paint me a villain  
Long as they know I ain't ever been pretendin'  
Long as they know I ain't ever paint a image  
I been gettin' more and each time I'm givin'  
Long as they know when I die can't nun come with me, I can't lo  
se nun I'm winnin'

What they wanna know about me I'm winnin'  
Mom in a crib by twenty  
None of these whips ain't rented

What they wanna know bout me I'm livin'  
Bands inna cup I'm sippin'  
Stand on my own independent

I ain't gotta show too much I'm gettin' it  
Bread gettin' touched quick digits

More after more its plenty

They ain't gotta know much if they ain't wit it  
I don't wanna hear no limits  
I remember pinchin' on pennies
