

# Liquored Up

Aaron Pritchett

This week has been a total write-off  
I haven't even had a single day or night off  
I had to find me a bar where the jukebox plays

Didn't come for a conversation  
That's really what I'm trying to get away from  
I had to find me a buzz I can ride away

People, I'm here to get liquored up  
Happy as a kid with a tonka truck  
A pair of wobbly-pops in a solo cup  
Should pick me up  
When you see me in an hour  
I'll be in my happy place  
Cuz I'll be liquored up  
Liquored up

Ain't got no craft beer filter  
I'm good with old style Pilsner  
Settle in and watch the pretty girls go past

Some guys get a little agro  
Pick a fight just to stroke their egos  
Put a couple in me and I just grin and laugh

Because I'm here to get liquored up  
Happy as a kid with a tonka truck  
A pair of wobbly-pops in a solo cup  
Should pick me up  
When you see me in an hour  
I'll be in my happy place  
Cuz I'll be liquored up  
Yeah, I'll be liquored up

I'm gonna be liquored up  
Happy as a kid with a tonka truck  
A pair of wobbly-pops in a solo cup  
Should pick me up  
When you see me in an hour  
I'll be in my happy place  
Cuz I'll be liquored up  
Happy as a kid with a tonka truck  
A pair of wobbly-pops in a solo cup  
Should pick me up  
When you see me in an hour  
I'll be in my happy place  
Cuz I'll be liquored up  
Yeah, I'll be liquored up  
I'm gettin' liquored up  
I'm liquored up...
