

Yellow throwback sittin' on 4 wheels  
Impulse buy on a drive-by deal  
Shag carpet seats groovy shade of green  
Still got credence in the tape machine  
I picked you a daisy, you can tuck in your long hair  
Roll to the beach or hit up the state fair  
Come on, wild thing, whatty a say  
We'll pick up miss Mary Jane on the way

Be my bell-bottom baby  
Let the night get purple hazy  
Moon dancing off of that disco ball  
We can go anywhere or nowhere at all  
Getting laid back in the way back  
Making out to the sound of an 8 track  
Find a little peace, make a whole lotta love  
Chillin' in our bitchin' VW bus

We'll catch a double feature at the funky old drive-in  
Find a far out spot and draw the curtains  
Black light the night let it blow your mind  
Kick it like it's 1969

Be my bell-bottom baby  
Let the night get purple hazy  
Moon dancing off of that disco ball  
We can go anywhere or nowhere at all  
Getting laid back in the way back  
Making out to the sound of an 8 track  
Find a little peace, make a whole lotta love  
Chillin' in our bitchin' VW bus

We'll hang up that sign that says  
Don't come a knockin' if the buss is a-rockin'  
Don't come a knockin' if the buss is a-rockin'  
Don't come a knockin' if the buss is a-rockin'  
All night long...

Be my bell-bottom baby  
Let the night get purple hazy  
Moon dancing off of that disco ball  
We can go anywhere or nowhere at all  
Getting laid back in the way back  
Making out to the sound of an 8 track
