

# You Can't Say That I Didn't Love You

Aaron Pritchett

Well that's how it is when it's over and done  
All bets are off and we both go runnin' for cover  
Blamin' eachother  
Yeah the grapevine will hum with the fiction or fact  
Gets kinda messy in the aftermath of a meltdown  
It's always a small, small town

You can doctor the spin when you tell all your friends  
But you can't say that I didn't love you  
Does it make me a jerk 'cause it just didn't work  
When you can't say that I didn't love you  
There were some things we could not overcome  
But love or the lack of it never was one  
You can put a new face on that old twist of fate  
But deep down inside you can't say that I didn't love you

Now It's only normal to criticize  
How it all went down 'cause the tension's running high  
And we say things, that we don't mean  
But that doesn't change last summer and fall  
If that wasn't love then what do you call, september  
Do you remember?

You can doctor the spin when you tell all your friends  
But you can't say that I didn't love you  
You can vilify me to a certain degree  
But you can't say that I didn't love you  
There were some things we could not overcome  
But love or the lack of it never was one  
You can tailor the truth till it fits like a suit  
But deep down inside you can't say that I didn't love you

There were some things we could not overcome  
But love or the lack of it never was one

You can doctor the spin when you tell all your friends  
But you can't say that I didn't love you  
Does it make me a jerk cause it just didn't work  
When you can't say that I didn't love you  
You can vilify me to a certain degree  
But you can't say that I didn't love you  
There were some things we could not overcome  
But love or the lack of it never was one  
You can put a new face on that old twist of fate  
But deep down inside you can't say that I didn't love you
