

# Never Alone

Aaron Shust

Spirit  
Hovering over the darkness  
Fighting the depths of the water  
Bring us light  
In our darkness  
Bring us light

Father  
You spoke through the words of the prophets  
Making Your dwelling among us  
Emanuel  
God is with us  
Emanuel

We have never been alone  
Never been alone  
Never been alone

Jesus  
Revealing the face of the Father  
Ruling as King and Messiah  
Let Your kingdom come  
Take your place, Lord  
Gather your people as one

We have never been alone  
Never been alone  
Never been alone  
Cloud by day and fire by night  
Before ascending high  
We'll never be alone

Christ before us  
Christ within us  
Christ behind us  
And present now  
Christ before us  
Christ within us  
Christ behind us  
And present now, oh

We have never been alone  
Never been alone  
Never been alone  
Cloud by day and fire by night  
Before ascending high  
We'll never be alone

We have never been alone  
Never been alone  
Never been alone  
Cloud by day and fire by night  
Before ascending high  
We'll never be alone

We have never been alone  
Never been alone

Never been alone
