

Never Gonna Let Me Go

Aaron Shust

Through the wildest waters and in the
Highest flame You are standing with me
You're never gonna let me go
In the heat of battle, encircled by
My foe I'll just keep on dancing
You're never gonna let me go
You're never gonna let me go I know,
You're never gonna let me go
No pow'r on earth can break Your hold
You're never gonna let me go

[Chorus:]

You won't let go
You're never gonna let me go
You won't let go
You're never gonna let me go

What can separate me
When You are holding on?
Even death won't take me
You're never gonna let me go
I said even death won't take me
You're never gonna let me go

[Chorus:]

You won't let go
You're never gonna let me go
You won't let go
You're never gonna let me go

Because of the Cross the grave has lost its sting
Because of the Cross, You shamed our enemy
Nothing is lost that cannot be redeemed
Because of the Cross, we stand in victory
[x2]

You're never gonna let me go I know
You're never gonna let me go
No pow'r on earth can break Your hold
You're never gonna let me go
You're never gonna let me go
I know You're never gonna let me go
No pow'r on earth can break Your hold
You're never gonna let me go

[Chorus:]

You won't let go
You're never gonna let me go
You won't let go
You're never gonna let me go
