Better Man

Aaron Smith

Thinkin' about us
And I know it's hard
I've been drinkin' for hours
Up in different bars
Dangerous habits
She's can see the scars
'Cause I've been thinkin' about us
And it must be hard

We should put it to bed
Don't get in it again
So come sleep with me instead
Let it out of our heads
Out of our heads

I been fightin' with the old me
You make it better when you hold me
I'm tryna rewrite our stories
'Cause I wanna be a better
I stop breathin' in the fire
'Cause I wanna take it higher
Give you all that you desire
I just wanna be a better man

Beggin' for somethin'
Standin' in the dark
'Cause my thoughts gettin' heavy
In my head and heart

We should put it to bed
Don't get in it again
So come sleep with me instead
Let it out of our heads
Out of our heads

I been fightin' with the old me
You make it better when you hold me
I'm tryna rewrite our stories
'Cause I wanna be a better
I stop breathin' in the fire
'Cause I wanna take it higher
Give you all that you desire
I just wanna be a better man

Ooh-ooh, ooh-ooh, yeah
I just wanna be a better man
Ooh-ooh, ooh-ooh, yeah
I just wanna be a better man

I been fightin' with the old me
You make it better when you hold me
I'm tryna rewrite our stories
'Cause I wanna be a better
I stop breathin' in the fire
'Cause I wanna take it higher
Give you all that you desire
I just wanna be a better man
