

# Unconditional

Aaron Smith

You call me up the fall apart  
And then she says that it's not enough  
Make a mess and brush it up  
But honey, I guess I am not so tough  
I'm all alone, stay on the phone, I'm  
So far away but now I'm home  
You call me up to fall apart  
'Cause I promise it will be enough

All in time, give me time  
I've been drowning for the both of us

We can grow, we're not broken  
Keep close, keep me hoping  
You and I were unconditional  
My love, my love  
You and I were unconditional  
Our love's enough

'Cause I've lost my way  
Can you say my name?

Been a while, so much to say  
I've been staying out and drinking late  
'Cause it'll all be worth the wait  
But tomorrow seems so far away  
I think of you, I'm lying up  
You're restless too, we're out of touch  
Been a while, so much to say  
But I know that it'll be okay

All in time, give me time  
I've been drowning for the both of us

We can grow, we're not broken  
Keep close, keep me hoping  
You and I were unconditional  
My love, my love  
You and I were unconditional  
Our love's enough

'Cause I've lost my way  
Can you say my name?  
We'll bend, not break  
When you say my name  
Morning, it feels so far away

We can grow, we're not broken  
Keep close, keep me hoping  
You and I were unconditional  
My love, my love  
You and I were unconditional  
Our love's enough
