

Turn Around

Aaron Sprinkle

With my back turned one way,
kinda feelin' lightweight.
In the fog and thunder state
with my back turned one way.
Underneath the water gets cold.

(Ooo) Runnin' away, runnin' away
(Ooo) It might be time to let it
(Ooo) Stuck in a phase, stuck in a phase
(Ooo) So turn around forget it

Beautiful is nothing I ain't seen.
Popular to contrary belief,
I'd never take you to a place you won't be
happy and free, happy and free.
Underneath the water gets cold.

(Ooo) Runnin' away, runnin' away
(Ooo) It might be time to let it
(Ooo) Stuck in a phase, stuck in a phase
(Ooo) So turn around forget it

When the water gets up to my teeth,
every fine word I say
chokes me and holds me deeper
on the way to hopeless.
When the water gets up to my eyes,
I'm almost done.

(Ooo) Runnin' away, runnin' away
(Ooo) It might be time to let it
(Ooo) Stuck in a phase, stuck in a phase
(Ooo) So turn around forget it
