

# Alone

Aaron Taos

Leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
Feeling so drowsy, you thinking about me

But leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
Feeling so drowsy, you thinking about me  
But leave me alone

I got a girl and she a good girl  
But I got a problem 'cause I want the world  
And she want family, a house in the hill  
So wipe up a Xanax 'cause the pressure is real  
Depressed and I'm anxious about my career  
I'm working all night but the end isn't clear  
I'm sorry I'm rambling but damn it's the truth  
I gotta find myself before I find you

So leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
You thinking about me

But leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
Feeling so drowsy, you thinking about me  
But leave me alone

I hit up my doctor to unlock my chakras  
Talk about past lives and all of my problems  
Change my perspective, we all come from stardust  
This life is a setlist, performed like a martyr  
I'm feeling so reckless, I'm losing my charger  
Every other second I'm distracted and thoughtless  
But happy regardless  
So as I'm recording, feel so honest in my apartment

So leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
You thinking about me

But leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
Feeling so drowsy, you thinking about me  
But leave me alone

Girl you look sad, I seen you in class  
I couldn't help myself  
I would stare at your ass every time that you passed  
You're shocked I passed too  
If you want me to go, you should've said so  
You keep talking about drama, who still live with their mama

I just need more water 'cause I'm high of them downers  
Please leave me alone  
Them days I feel it like dreams  
These days I really can't believe  
I thought it was you and me  
So why are you lonely?

Leave me alone, I'm good on my own  
I'm not being selfish, don't need your helpin'  
I'm sorry I'm cold, blame Lexapro  
Feeling so drowsy, you thinking about me  
Leave me alone

Leave me alone  
Leave me alone  
Leave me alone  
Leave me alone
