

# Bloom

Aaron Taos

[Verse 1: Aaron Taos]

I've been crushing hard, thumping in my heart  
When I look your direction  
I see you peeking back, lips on the glass  
Ooh, I wanna be that beverage  
But it's complicated, you're the sister of my friend  
I'm so tired of waiting, why don't we give in?

And I'm like ooh  
I know you want me too  
Lead me to your room  
We know just what to do

[Chorus: Aaron Taos]

When the flowers are in bloom  
(When the flowers are in bloom)  
Why just pass on through?  
(Why just pass on through? Yeah)  
When the flowers are in bloom  
(When the flowers are in bloom)  
I wanna lay with you

[Verse 2: Eli.]

Saw you at the house the other day  
Just sipping pink lemonade  
Yeah, you made me feel special  
When you looked at me the way you always do  
Completely innocent  
But baby girl I know your intentions  
And it might be wrong  
But I'm feeling so right (so right)  
Your brother would kill me if he watched my eyes  
Ooh, girl you know it's up to you  
Baby, I just wanna be in bloom  
But you gotta make the first move

[Chorus: Aaron Taos, Eli, Hojean]

When the flowers are in bloom  
Why just pass on through?  
When the flowers are in bloom  
I wanna lay with you

[Verse 3: Hojean]

Listing all the ways  
For us to get away  
Hold [?] on summer days  
You want it, I'm on it  
Baby, don't look the other way  
I feel a certain way about you  
About you, about you

And I'm like ooh  
You see me wanting you  
Just let these flowers bloom  
We know just what to do

[Chorus: Aaron Taos, Hojean, Eli.]

When the flowers are in bloom  
Why just pass on through?  
When the flowers are in bloom  
I wanna lay with you  
When the flowers are in bloom
