

# clean

Aaron Taos

I used to be so clean  
Full of guilt from a dirty magazine  
Innocent and green  
But now I'm just another lecher on the street

Oh just lookin' for a good time...

Show me how you're put together  
And I'll connect the dots babe  
Remove your sweater  
Cuz it's gonna get hot babe  
Act like a feather and lift me off the ground tonight  
Lift me off the ground alright  
Alright

I used to be so good  
Always so honest, told the truth when I should  
Livin' life by the book  
But then I realized I had misunderstood

Oh this life ain't for the patient  
If you want it then just take it  
And babe your heart's lookin' vacant  
So...

Show me how you're put together  
And I'll connect the dots babe  
Remove your sweater  
Cuz it's gonna get hot babe  
Act like a feather and lift me off the ground tonight  
Lift me off the ground alright

And I'm just lookin' for a good time  
So show me how it's done  
I know you're fightin' off the feelin  
But I've already won  
So...

Show me you put together  
And I'll connect the dots babe  
Remove your sweater  
Cuz it's gonna get hot babe  
Act like a feather and lift me off the ground tonight  
Lift me off the ground alright
