

Closure

Aaron Taos

It's been sometime, but not long enough
'Cause when I saw you there all the scars you left opened up
I guess I've been fine, but not fine enough
And I got questions that can't be answered on an empty cup

Let's skip the pleasantries, no, that ain't what I need
I never made a scene and it's long overdue
Let's take it to before, the place that we ignore
We never closed the door, I was waiting on you

Yeah
I might be a little wasted, my eyes are dilated
But I need to hear you say it (I need to hear you say it)
I might regret it sober, but fuck that 'cause I don't owe ya
I need a little closure (I need a little closure)
I need a little closure

When you were mine you weren't mine enough
And I might be ranting but it's a damn shame you gave me up
We had good times but not good enough
Ya act like a stranger and I don't blame ya until I'm drunk

Let's skip the pleasantries, no, that ain't what I need
I never made a scene and it's long overdue
Let's take it to before, the place that we ignore
We never closed the door, I was waiting on you

Yeah
I might be a little wasted, my eyes are dilated
But I need to hear you say it (I need to hear you say it)
I might regret it sober, but fuck that 'cause I don't owe ya
I need a little closure (I need a little closure)
I need a little closure
I need a little closure

Just say that it's done
It's over, you won
I need to move on (I need to move on)
Just say what you don't
I will if you won't
It's time to let go

Yeah
I might be a little wasted, my eyes are dilated
But I need to hear you say it (I need to hear you say it)
I might regret it sober, but fuck that 'cause I don't owe ya
I need a little closure (I need a little closure)
I need a little closure
I need a little closure
