Honeypie
Brown eyes
Fallin' over
Vertigo
Secrets lie
My my
What a danger
I gotta know

Honeypie

Fallin' over
Vertigo
Secrets lie
My my
What a danger
I gotta know

Foolish
Smilin' but she's toothless
Devil in a new dress
Well ok, if the shoe fits
And I'm like et tu Brutus? (ya)
Am I stupid? (ya)
Shoulda knew this
Left and thrown up deuces (ya)

But I'm
Falling again
Losing my grip
Losing my shit
(Oh no)
Baby a ten
But she got plans
Devilish ends
(Trouble)
At first she seemed so sweet but now she's changing
Metamorphosis, Kafka shit, and it's dangerous

Somethin' bout fallin' on the ground
Makes you look cute from upside down
I won't fight back if you don't tell
Why we can keep the volume down
Cause I don't wanna see my friends now
I got everything I need inside this house
I feel like everything is strange now
It's like everything I see gets turned around
