

# The Night Shift

Aaron Tippin

Well, I've been waiting for this right moment  
To tell you what's on my mind  
I don't know exactly how to say it  
But I do think that it's about time

I do know that you've been working all day  
And I know that you could use the rest  
But I've got a little proposition for you, baby  
Now tell me what you think about this

Let's do the night shift, baby  
I mean all night long  
I do what comes naturally  
Till the bread of dawn

We'll toss and turn and roll and shout  
And love every minute we can  
Let's do the night shift, baby  
I'm ready to dance

Hey, let's go down to Coyote's lounge  
I hear they got a pretty good band  
Hey, we'll hit the floor and we'll [Incomprehensible]  
[Till we pad all our feet to stand]

But it'll take it somewhere  
Where the lights are low  
If we still ain't ready to quit  
Who knows we might even give  
A brand new meaning  
To doing the old night shift

Let's do the night shift, baby  
I mean all night long  
I do what comes naturally  
Till the bread of dawn

We'll toss and turn and roll and shout  
And love every minute we can  
Let's do the night shift, baby  
I'm ready to dance

Let's do the night shift, baby  
I mean all night long  
I do what comes naturally  
Till the bread of dawn

We'll toss and turn and roll and shout  
And love every minute we can  
Let's do the night shift, mama  
Yeah, I'm ready to dance

Let's do the night shift, honey  
Well, I'm ready to dance
