Diamonds & Daughters

Aaron Watson

First moment I saw your face
I was moved by amazing grace
And I cried like a baby
Just like I'll do walking you down the aisle
I found fortune like diamonds
In the love of a daughter
Worth more than all the gold in the world
And they say that a son
Is the pride of a father
But my heart belongs to my little girl

Diamonds and daughters
Precious and few
Diamonds and daughters
Timeless and true
Don't you ever forget that your heart is devine
You belong to the one who made you sparkle and shine
Diamonds and daughters

And I'll be there for you
Every step of the way
From your very first breath
Until my dying day
And the women I see
In that white wedding gown
Is just my little girl
Saying daddy won't you spin me around

Diamonds and daughters
Precious and few
Diamonds and daughters
Timeless and true
Don't you ever forget that your heart is devine
You belong to the one who made you sparkle and shine
Diamonds and daughters

Diamonds and daughters
Precious and few
Diamonds and daughters
Timeless and true
Don't you ever forget that your heart is devine
You belong to the one who made you sparkle and shine
Diamonds and daughters

First moment I saw your face
I was moved by amazing grace
