

## Shades of Blue

Aaron

Hey, you're sinking and I can't hold you  
Maybe it's because I'm sinking too  
I'm watching all the waves roll by  
All I do is sinking inside  
Babe if I can't hold you  
It's just because I'm sinking too  
If a grown up is just a child gone bad  
Welcome to the sad boys club

(I'm only)

I'm only  
Understanding who we are  
Poems and sidewalks  
Just street soldiers  
Lost into the sea of heartbeats stories  
The clouds are shaping  
A nest where the dead lovers wish to hide

And, you're sinking and I can't hold you  
Baby, it's because I'm sinking too  
I'm watching all the waves around  
All I do is sinking inside  
Babe if I can't hold you  
It's just because I'm sinking too  
If a grown up is just a child gone bad  
Welcome to the sad boys club

(I'm lonely)

I'm lonely  
Understanding who we are  
Poems and sidewalks  
My cheeks are salty  
Just like the fleshy lips that stole my soul  
A bunch of grey birds  
Like dust dwells on the sun we used to own

You're sinking and I can't hold you  
Baby, it's because I'm sinking too  
I'm watching all the waves around  
All I do is sinking inside  
Babe if I can't hold you, It's just because I'm sinking too  
If a grown up is just a child gone bad  
Welcome to the sad boys club
