

## Hydroxyzine Interlude

Aaryan Shah

I pray that one day you'll leave me, before I leave you  
I used to see right through you, now I can't even see you  
You said tonight is the last time, I still don't believe you  
I hate to know that you don't need me like I need you  
Like I need you  
And I'm slipping through  
Right back to you  
Tell me if it's not you  
Who's gonna stay here and keep me alive?  
And who's here by my side?  
Don't leave me tonight  
Don't leave me tonight, oh  
Why don't you give up on me?  
Before I give up on you  
Why don't you let go of me?  
I just can't let go of you  
Make the pain go away  
Make me forget the truth  
Tell me I'll be okay  
I swear I'll believe it, too  
Ohh, I swear I'll believe it, too
