Uh, yeah  
Uh, ayy, ayy, look, huh

Livin' on DND, bitches blowin' up my phone  
Like TNT, please leave Soulo alone  
You got a Birkin bag, ain't no racks in that  
'Cause a nigga in the NBA made you sign a NDA  
Bitch, you doin' a lot  
You doin' a lot, hm  
You got a Birkin bag, ain't no racks in that  
'Cause a nigga in the NBA made you sign a NDA  
Bitch, you doin' a lot

Huh, smokin' weed, runnin' red lights  
Untouchable like Tommy Buns, belly of the beast rumblin' all night  
I'ma go dummy, you don't come on my funds  
Run a check up, I'ma pay that price  
Got 'em, coach, had a lot of those Tina Snows  
Stick on the low, knees bent all night  
Period, no bullshit, Chriss picked this beat (I did)  
Serious, ten to ten, I don't get no sleep  
Delirious, Eddie Murphy back in '83  
You curious? Bathing apes can't do what the monkey see

LisaRaye, keepin' it player  
Diamonds shinin', serious fire  
On DND, like ink, stickin' to the paper  
Never took a nigga seriously  
Ass so fat, leave a nigga in disbelief  
It's lookin' up from the top  
The only way up is givin' top  
What? Thought a broke ho in the back said somethin'  
Huh? Bitch, think big, chase money, flip some  
Is you dumb? All natural taste like honey buns  
Duh, now bang this shit like you bang your drums

As the seconds turn to minutes, minutes turn to hours  
Life is short, don't forget to stop and smell the flowers  
Mommy told me stand in my powers, my powers  
I've been standin' in my powers, my power, yeah
