Ooh, ooh (Fallin', fallin', fallin', fallin')

Maybe we'll just keep fallin'

I'm caught up in a moment and I think at once

Everything stops, nothing but you and I

My beating heart speaks

I don't listen, but like this

Promise for only the two of us, stay by my side

Actually, I don't even know myself

But that's my only question, stop this

Ooh

You are my muse

A day that became reckless

Oh, you're makin' me, makin' me, makin' me give in

Oh baby, I feel the rush of adrenaline

It's okay even on the cliff

I'm blinded by deep love

Maybe, we'll just keep fallin'

I feel the rush of adrenaline

It's okay even on the cliff

I'm blinded by deep love

Maybe, we'll just keep fallin'

When I'm around ya, I feel it in my veins

There's something about ya that's makin' me go insane

We have a storm to weather, my little sweet surrender

The movie has already started
Remember this feeling, hold it tight
So that we don't lose each other's memories
I'm on my way, I'm still going to you
I'll keep our promises, no matter what trials come
I'll be okay, be okay
