

## Breaking Horses

### Abandoned Pools

This is not what I consider winning  
Luxury cars don't stop at stop signs  
I am not afraid of boogie men  
Underneath the tires of monster trucks you can get stuck  
Out there breaking horses  
Just leave it alone  
You are not supposed to  
Just leave it alone  
Gather all you can before you die  
Working for your fix of dopamine a sad machine
